America's Foreign Policy A Big Issue, Says Puffer

"Among the issues with which the Congress must deal are those related to Foreign Policy. Consequently the people want to know the thinking of those who aspire to represent them in matters of such importance," R. C. Puffer of Grayling candidate for the Republican nomination as the United States Representative from the Tenth Congressional District said today.

"Of one thing I am sure and that is, the people want peaceful solutions of the problems growing out of our international relationships. They are growing tired of pouring our wealth into military preparations and draining off our resources getting ready for another world conflict," the Grayling candidate stated.

"It would be foolish not to be realistic about the dangers confronting the world, but we must never lose sight of the fact that the fate of millions of people are concerned. We must never let our efforts to avoid war and to give effective support to every arrangement which will set forward the interest of peace," Mr. Puffer continued.

"Those who talk about the inevitability of war and that we should take the initiative, choosing the time and place, should be reminded of the moral responsibility for such a choice and also of the tensions which in time will most certainly destroy Russian Communism. Such a choice within her own borders to implement of her own destruction," Mr. Puffer declared.

"Regardless of the Kremlin's decision, we must continue our efforts for real worldwide disarmament and the abolishment of Atomic weapons. In this effort America should assume the initiative and lead the way. Sincerity of purpose with sustained effort will pay off in the end," the Representative for Congress candidate stated.

Cadillac Supply Announces Huge New Addition Here

UNION DELEGATES MEET SUNDAY

Seventy-seven men and women delegates representing 26 local unions affiliated with the American Federation of Labor, of State, County and Municipal Employees from the 21 counties in the northern lower Peninsula, located north of the south line of Manistee County on the east across the state through the south line of Ogemaw County, held their quarterly convention in Grayling on Sunday, June 8.

District No. Four chairman Max Carlisle of Kalkaska presided and Crawford County employees local union No. 1487 again acted as the host union.

State Council 55 President Samuel R. Waters of Grand Rapids and vice president Henry G. Zinck of Saginaw as well as Robert Grosvenor of Lansing, business representative for the State Employees Council No. 7 and Adrian L. Mitten, international representative of Lansing conducted the educational part of the conference.

While in their quarterly meeting here, the delegates yielded to request from their County Road Commissioners the same wages and work policy now enjoyed by the State Highway employees; to request joint meetings with the Commissioners at their district conventions; to continue doing the high grade type of work they have always done for the County taxpayers; to keep the County Board of Supervisors and their Road and Bridges Committee continuously informed of the employees problems to report to the Auditor General and State Highway Department officials, all violations by the Road Commissioners or its Superintendent regarding buying or selling of new and used equipment; to contact their State Senator and Representatives in their districts in which they live, regarding Old Age and Survivors Insurance, Unemployment Compensation, etc. with the request that laws be passed to put City and County employees on the same level with employees throughout Michigan and America.

James Lynch, 80, died Sunday at his home here after a long illness. The remains were taken to Mt. Pleasant for burial.

Mr. Lynch was born in Dundee, N. Y. and had resided in Grayling about 15 years. He was a retired store owner. His wife survives.

Knights of Columbus Elect Officers

Annual election of officers was held by the Fr. John J. Riess Council No. 1082 at their regular meeting held on Monday evening, June 2nd in Roscommon.

Newly elected officers include: Grand Knight, Lawrence Hunter; Deputy Grand Knight, Al Cherven; Chancellor, Bernard Melsaac; Recording Secretary, LeRoy Christian; Treasurer, James Duley; Advocate, Richard Lovely; Warden, Steve Sopsack; Inside Guard, Ralph Schaeffer Jr.; Outside Guard, Wesley LaGrow; Trustee 2 year term, Francis Gallagher; 2 year, Frank Cherven; 1 year, John Cherven.

Appointed officers include: Financial Secretary, Michael Cherven and Chaplain and lecturer, Fr. J. W. Grill.

After a discussion on Communism and protecting the freedom of the American people to exercise their power, the council adopted the following resolution:

"Be it resolved that the Knights of Columbus exert their influence to encourage their fellow citizens to register and exercise the privilege of the ballot is an American privilege the use of which is one of our defenses against Communism."

The Fr. John J. Riess Council is made up of members from Roscommon, Grayling and Prudenville parishes.

ISSUE NEW RESORT AID BULLETIN

Resort operators in the Crawford county area will find helpful suggestions for evening programs at their establishments in a new Michigan State College bulletin.

Written by Robert W. McIntosh, vice, Evening Programs for Resorts, is part of the series sponsored jointly by the college's Agricultural Experiment Station and Cooperative Service.

Operating a resort is a personalized business, McIntosh points out. Maintaining a close and cordial contact between management and guest is essential. Evening social programs, he believes, are one of the best means of creating harmony and pleasure.

The publication has separate sections on playing programs, parties and social games, new games, parties, square dancing, music and singing, campfire programs and movies. Each section contains complete details on organization and source of material for programs.

A copy of Circular R-704, "Evening Program for Resorts" can be obtained from agent Orville F. Walker's office or by writing to the Bulletin Office, Department of Information Services, Michigan State College, East Lansing, Mich.

Build Laundry In Next Twelve Months

A new 100 by 100 industrial laundry will be built in Grayling within the next year, it was announced Monday evening by M. J. Robinson of Saginaw, district supervisor of Cadillac Overall Supply, who was the speaker at the weekly meeting of the Kiwanis Club of Grayling.

He was introduced along with Ted Hausmann, Grayling manager for Cadillac, by Ernest Johnson who was in charge of the program. Mr. Robinson told of the seven years experience his company had built up since starting operations in northern Michigan. "We have witnessed tremendous growth in the cities in northern Michigan since we began operations and we see no reason not to expect to see that growth continue," the speaker said.

At the present time, Cadillac is operating eight trucks out of Grayling servicing about 10,000 miles each month. Mr. Robinson told the club. Pointing with pride to Cadillac's new building on Grayling's US-27, he said that the 80 x 80 foot building of brick and masonry construction already was proving too small for their operation.

The new building and equipment which the company hopes to erect within the next year will cost about a quarter of a million dollars. It will provide employment for about 100 people, mostly women as Cadillac Supply is moving into the linen service business as well as industrial servicing.

The speaker said that Grayling was selected for their plant because it was geographically correct. Route trucks can leave Grayling in any direction of the compass to service other northern Michigan communities. He added that he knew of companies with similar distribution work who would be interested in coming to Grayling if US-27 highway frontage within the city limits could be made available to them.

Cadillac Supply will soon begin an extensive program of landscaping the front of their new building. The structure itself is a fine addition to the town and with the adding of a new lawn, shrubs, etc. will make a fine appearance in the north part of the city.

Following Mr. Robinson's talk, the club adjourned and moved over to the building for an inspection tour. Plans are now on foot, Mr. Robinson and Hausmann said for an open house in order that the people of Grayling and surrounding area can inspect the present building and the proposed site for the new laundry.

The Company has a large payroll each month in the community and now employs 16 persons. With certain additions to the present plant a few more will be hired and when the new larger building is built, Cadillac Supply will have the largest employee force in Crawford County.

Invite Members To Open Meet

The Grayling Chamber of Commerce officers and board of directors invite all members to attend an open meeting to be held at the council rooms at the City Hall this Friday evening at 7:30 p. m.

A vote of the open meeting will be held on a change in the bylaws whereby the election of directors will be fixed on a staggered basis in order that all on the board will not be completely replaced in any one year.

Topics for discussion at the meeting will be a Chamber sponsored effort to have lake trout planted in Lake Margrethe, a re-order of county maps, location of new highway signs, a setting up of a committee for the Community Building project, and a report on the results of a membership drive.

Remember the date, Friday, June 13, time 7:30 p. m., place City Hall.

Invite Farmers To Attend Grass Day

Crawford county farmers have been given a special invitation to attend the Grass Day at the Kenneth Bare farm, located at Petoskey in Emmet county on June 23.

The county agricultural agent, has been assisting the Emmet County agricultural agent in planning the Grass Day to give all the latest information on growing and using grass and legumes.

The Grass Day program is planned and conducted by county agents in this area, working with specialists from Michigan State College's Cooperative Extension Service. The day's program is aimed at bringing to farmers of this area the most recent information concerning establishment, management, harvesting and utilization of high yielding, high-quality forage crops.

Machinery companies have again been invited to exhibit equipment used in forage crop production and utilization. In addition, they have been invited to take part in a field demonstration at the Grass Day of forage harvesters, field balers, crop blowers, forage wagons, bale loaders, hay crushers and tractors.

Your County Agricultural Agent has the opinion that many farmers in the county could increase the profits from their farm business if they would use more grass. "This Grass Day program is planned to furnish ideas for profitable use of grass," he added.

HOSPITAL NEWS

Among those released from Grayling Mercy Hospital during the past week were: Mrs. Margaret J. Hines, Pearl Jackson, Mrs. Gertrude Hatfield, George Staniel Mrs. Carroll Low, Lillian Hoffman, Lawrence Stephan, Roy Lovely and Michael Crouch.

Those now at Mercy Hospital are Miss Wanda Cardinal and William Haydet.

Mr. and Mrs. LeRoy Christian are happy over the arrival of a baby daughter at Grayling Mercy Hospital on June 8. The new little arrival will be known as Patricia Ann. She weighed eight pounds and four ounces.

THREE BURNS BOYS COLLEGE GRADUATES

Mr. and Mrs. E. R. Burns will be busy attending graduation exercises this week-end as their three sons are all graduating from college.

Dale and Gerald Burns are receiving their Bachelor of Science degrees from the Wayne University Business Administration School at exercises to be held on Thursday, June 12th. On June 13 Dale is to receive his Lieutenant's commission in the Air Force.

Clare Burns will receive his B. S. degree from Central Michigan College, Mt. Pleasant, in exercises to be held on Saturday, June 14th.

Tim Huppel, now of Lansing, visited friends in Grayling last week-end.

ALUMNI OFFICERS HOLD MEETING

A meeting of the newly-elected officers of the G. H. S. Alumni Association was held this week. Already plans are being started for our third Annual banquet. Dues, voted in at \$1 per year are payable to our treasurer, Mrs. Anna Gross, 802 Ogemaw. One hundred and twelve memberships were sold at the banquet and some have come in since then. This is a grand start toward a permanent organization. The time for charter members to enroll has been left open until Jan. 1, 1953.

Pictures of the group, taken by Len Allison are on display at Peterson Hardware and may be obtained from Len at 75c each.

It would be a good idea if some of the Alumni business men would purchase a picture and put it out where some of our future members may see them during the summer months.

Permanent Cure For Cut Worms

Many people have reported that they are getting considerable damage done in their gardens and fields with cut worms. There are ways to kill them.

One of the best is to use D.D.T. at the rate of 1 1/2 to 2 pounds (50% wettable) per 100 gallons of water. This is enough for 1 acre.

D.D.T. is an organic chemical which is used as a spray or dust for the control of insects. It has one important drawback; it leaves a residue on the plants which is eaten by man and livestock. For example: (a) DDT should not be put on beans when the pods are forming; (b) DDT should not be used on beets when the leaves are intended for feed for man or livestock; (c) corn fodder treated with DDT should not be fed to dairy animals or livestock being finished for slaughter within 60 days.

These examples point out the necessity for using it carefully in order to avoid undue or untolerated residue on food plants. This schedule points out how this material can be used so as to produce quality food without undesirable, poisonous DDT residues. PLEASE NOTE: DDT builds up in the soil. DDT remains in the soil. It should not be used in larger amounts or more often than is necessary.

Your County Agricultural Agent has a new bulletin (number 312) on Insect and Disease Control on Vegetable and Truck Crops. They are free so call and get your copy.

TOM ANTHONY EARNS BASEBALL LETTER

Tom Anthony, a letterman in baseball at Ferris Institute, earned his first major letter in baseball in impressive fashion, Coach Frank Karnas said in announcing awards. Karnas was used this year as a reserve infielder and coach, and as well as his performance in key situations, his spirit and leadership were definite factors in Ferris' victories, Karnas said.

Tom is a graduate of Grayling High School where he played under Coaches Willard Cornell and Joe Bogart.

"The Public Be Damned"

"Compulsory arbitration of labor disputes in this country is coming as surely as night follows day if the present trend continues," wrote Marquis Childs in one of his late columns. "It will come not because any group or individual wants it. But the plain fact is that nationwide strikes in vital industries can no longer be tolerated. In steel, oil, the railways or the utilities a strike across the board can shut down the economy—and in a relatively short time. . . .

"Add to this the precarious balance between what is left of the free world and the Communist threat of total aggression and the situation becomes not just intolerable. It begins to look like self-destruction. . . ."

Mr. Childs then suggested that compulsory arbitration might be exercised by labor courts with judges appointed for life and subject to confirmation by the Senate.

Recent labor excesses have demonstrated that the system of voluntary arbitration of disputes has broken down — labor, backed by the Administration, is out for the whole hog. The pendulum has swung to the opposite extreme since certain businesses worked on the "public be damned" idea. Now certain big labor groups are working on that outlawed principle.

As Mr. Childs said, no one really wants compulsory arbitration — it goes against the American grain. If it does come, it will be because labor leaders have shown an incredible arrogance of mind and spirit — and a contemptuous disregard of the National welfare and our very security as a free nation. Labor monopolies must be broken — just as business monopolies have been broken.

Graduation Exercises Highlight Final Week At G. H. S.

Baccalaureate exercises were held at Michelson Memorial Church Sunday evening June 1st at eight o'clock.

Rev. R. C. Puffer gave a very inspiring address entitled "The Privilege and Peril of Opportunity."

Mrs. C. G. Clippert presided at the organ and the Glee Club under the direction of Mrs. Roy Milnes sang "A Graduation Prayer" by Yahres.

Class Day exercises were held Wednesday evening, June 4th in the High School Auditorium with a fine audience in attendance.

Miss Rhea Dunham gave the salutatory address following which Earl Jensen, class president spoke. Miss Shirley Souders gave the class history. The class prophecy was rendered by the Misses Sally Gross and Betsy Niederer and Tom Hilton gave the class poem. The class will was read by the Misses Jeanine Sorenson and Shirley Hoerl and the giftatory made by Skip Hanson and Jerry Barber. Miss Merdene Brush gave

the valedictory. During the program the Glee Club under the direction of Mrs. Roy Milnes sang an old English melody, "When Love is Kind" and a German folk song "The Little Sandman." Miss Joan Andrews played their accompaniment as well as the professional.

Commencement exercises were held Thursday evening. Miss Andrews again played the processional and Fr. John Breitenstein gave the invocation.

The Glee Club sang "Goodbye Old High."

Norval C. Bovee, Controller from Central Michigan College gave the commencement address which was entitled "Dear Bill and Mary."

Frank Bond, superintendent, presented the diplomas to the graduating seniors after which Fr. Breitenstein gave the benediction.

Thus another school year has ended at Grayling High School and one of the second largest classes, 38 strong, graduated in the history of the school.

Frederic Agricultural School Holds Graduating Exercises

On Sunday evening of May 25th the Frederic Bible Church held baccalaureate services for the Frederic Agricultural School graduating class. Rev. L. Swanson of Cadillac delivered the sermon, the subject being, "Loss and Profit," signifying the Christian life as one of profit.

Class Day exercises were held Wednesday evening of May 28th and a school picnic enjoyed by all grades was held at Otsego Lake Park on the same day.

Graduating exercises were held for both Seniors and Eighth grade classes on Thursday evening of the 29th with an overflowing audience in the school gym.

Fine musical numbers appropriately rendered by Dr. Louis F. Hayes of Grayling, Miss Dorothy Lingerman, soloist, Mrs. Lusian Hall, pianist and Miss Greta Rasmussen pianist, were heartily enjoyed.

joyed.

The address delivered by Dr. Francis Robinson, son of Dr. Frank Robinson, deceased but well known to residents was attentively received by all.

Fine talks by Valedictorian, Ardithe Winston and Salutatorian, Rita Barber were presented, uttering their own views.

Diplomas were presented to the seniors by Arthur Howse, president of the Board of Education.

Mr. Howse also presented diplomas to the following eighth graders: Bernice Morris, Kathleen Morris and Barbara Wade of Lovells, Dawn Hamlin, Sally Jo Smith and Rosa Winger of Maple Forest, Claudette Ferras of Horseshoe Lake and Gladwin Binschattel, Sally Cross, Charles Gabriel, Lucian Hall, Carol Lodge and Shirley Sparker of Frederic.

The seniors and chaperons enjoyed a trip to Washington D. C., Norfolk, Virginia, New York City and Gettysburg etc. the first week in June. And so ended another school year in Frederic.

"THE NORTH'S FINEST"

From where I sit... by Joe Marsh

"Good Neighbor Policy"

Remember one time when I told about the old loose-stone wall that separated Easy Roberts' property from Handy Peterson's?

That was when they decided they really didn't need the wall between them in the first place — so they simply stopped repairing it.

Now I hear where a fellow, who bought the old Johnson place, wants to buy all those stones. It seems he figures a stone wall is just what's needed on his property.

From where I sit, if that fellow wants to build himself a stone wall,

that's his business. But if it's not really serving any useful purpose he may sooner or later discover — just like Handy and Easy did — that he'd be just as well off without one. Even some old-fashioned walls of prejudice are disappearing — like those that would deny a person's right to a friendly glass of beer now and then. Most Americans are learning that "walls" can get in the way of the persons inside as well as the persons outside.

Bits O' Talk

Mrs. Wilbur Winslow, Miss Ella May and Mrs. Joe Moyer and Caroline, left Friday for Terra Haute Indiana to spend two weeks.

Mr. and Mrs. Charles Piper and daughter Miss Holly left Sunday to visit Mr. Piper's sister Miss Carolyn Piper in Washington, D.C. and Mrs. Piper's aunts in Huntsville, Alabama.

From the Roscommon Rotary Club News of May 29. "The program was taken up mostly in a welcome for Ed Myers, our old stand-by from the Toledo, Ohio Club who spends his summers with us. Ed gave an interesting travel talk on his experiences during his winter vacation in Florida. We also welcome back for the summer another regular summer visitor, Ben Jerome of Pontiac.

Mr. and Mrs. Henry Bradley and Lois spent the holiday weekend in Napoleon, Ohio, visiting their daughter and family, the Fred Westerholms.

Mrs. Wilbur Winslow, Mrs. Ted Pratt and Mrs. Minnie Hartley spent Thursday in Traverse City.

A note from Mrs. Ethel Pierce of North Abington, Mass., expresses her regrets at not being able to attend the alumni banquet. Mrs. Pierce was absent from her duties a month when she attended the Pan American Congress in Pharmacy held in Peru and has just returned from Toronto where she attended a pharmacy convention. She is to return to Toronto later this month to be present at a joint conference with the Canadian Hospital Pharmacists and in August to attend a national meeting in Philadelphia as she is vice president of the Massachusetts State Society of Hospital Pharmacists. Mrs. Pierce hopes next year to go to Europe to the International Pharmacy meeting which will probably be held in Paris. Mrs. Pierce is to be congratulated for her achievements in her chosen profession, pharmacy.

Shower Honors Bride To Be

Twin Pine Lodge was the scene of a gala affair Monday evening, June 2nd, when the aunts of Miss Pat Stephan entertained 30 relatives at a bridal shower in her honor.

Upon arrival each guest was given a sheet from a loose-leaf scrap book, scissors, magazine and Scotch tape and asked to make a leaf for the "Brides Book of Life", which was later presented to the bride-to-be. Judging from the laughter, "Life" was rather humorous.

Gifts were delivered to the guest of honor by the "wheel-

Mrs. Wescott was a member of the second class to graduate from the school in 1880; Mrs. Jacobs was principal of the school from 1910 to 1915; and Mrs. Parker graduated in 1903. New officers for the permanent organization were elected.

barrow load". After all were unwrapped and admired, a delicate lunch of coffee, ice cream and beautifully decorated individual cakes of heart, wedding bell and wedding ring shape, was served. Pats chosen colors of pink and blue were used throughout in flowers and table decorations.

Co-hostesses were Mrs. Hurl Deckrow, Mrs. John Stephan, Mrs. Wellman Vallad, Mrs. Lacey Stephan and Mrs. Earl Mathewson. Mrs. Steve Hanna (Cynthia Stephan) assisted with the decorations and unwrapping of gifts.

Judge of Probate. 20-4-11-18

WHEREAS, it appears from oral reports heretofore submitted by the City Manager and from investigation and study by this Council that the demand for electric energy furnished by the City light and power plant has grown to the point where the capacity of the plant is highly taxed and where reserve generating capacity is dangerously low, and

WHEREAS, experience gained in operating the plant shows that there has been a steady growth in the demands for electric energy therefrom and indicated that such demands will continue to grow in the future and that unless additional generating equipment is obtained and installed in said plant, total capacity will soon be reached, and

WHEREAS, said plant has been very successful in operation, both from the standpoint of service rendered and financial returned to the City, and

WHEREAS, it is the opinion of this Council that it is for the best interests of the City of Grayling and its inhabitants to obtain and install in said plant sufficient additional generating equipment so that present demands and future growth can be safely and efficiently provided for, and the continued successful operation of said plant assured, and

WHEREAS, after due surveys, investigations and consideration it is the opinion of this Council that an additional diesel generating engine of 800 KW capacity, with equipment and accessories, is needed to care for the aforesaid demands and to insure continued and efficient operation of said plant, and further, that it is practical, proper and expedient to purchase and pay for said additional engine and equipment out of the of said plant, and

WHEREAS, it is the further opinion of this Council, after due investigation and consideration, that it is possible and is practical and expedient to purchase such additional generating engine and equipment under a so-called title retaining contract under the terms of which payment for the same would be made solely from the earnings of said plant and the obligation to pay therefor would not be a general obligation of said City, now therefore,

IT IS HEREBY RESOLVED, that it is proper and expedient to purchase such additional generating engine and equipment under a title retaining contract and to pay for the same in installments out of the earnings of said plant, and

IT IS FURTHER RESOLVED, that the City Manager be and he is hereby instructed to advertise for bids for the sale to said City upon title retaining, installment payment contract, of such additional generating engine and equipment, such advertisement to be in substantially the following form:

NOTICE OF REQUEST FOR BIDS
The City of Grayling, Michigan, will accept bids for the purchase of one diesel generating engine of 800 KW capacity, with all accessories, such purchase to be on title retaining sales contract, the purchase price to be paid in periodic installments of principal and interest and to be paid solely out of the earnings of the electric light and power plant owned by said City, up to the hour of 7:30 P. M. on the 18th day of June, 1962, at which time the same will be publicly opened, read and considered by the Council of said City at the Council room in the City Hall. All bids shall be in writing and may be delivered in person or by mail to the City Manager on or before the above stated time. The City reserves the right to accept or reject any or all bids submitted. For further information and for details and specifications of said engine and accessories, consult the undersigned.

Max Davenport
City Manager
Grayling, Mich.

IT IS FURTHER RESOLVED, that said notice shall be published in the Crawford-Avalanche, a newspaper printed and circulated in said City, one in each week for two weeks in succession, the first publication to be at least two (2) weeks prior to said 16th day of June, 1962, and

IT IS FURTHER RESOLVED, that the City Manager shall also mail a copy of said notice to each of the following named manufacturers of diesel engines: Nordberg Manufacturing Co., National Supply Company.

Grayling was the pioneer town to operate a winter sports park. It has since brought many outsiders to our community. It gives the young a clean, healthy amusement and helps to build a strong and healthy body and mind. This is important, as the youth of today will finish tomorrow what we started yesterday.

The world has piled up centuries of years. Nobody knows just how many. A man is but an infant at the expiration of his time.

Things you'd like to know about your Railroad
The story behind "Meals on Wheels"
NEW YORK CENTRAL SYSTEM

1. **WHAT OTHER TRAVEL** can match the fun of meals on wheels? The sparkling set table in your New York Central diner. The varied menu. The steward and waiter who seem to guess your wishes. And every tempting dish served up with a big helping of scenery on the side!

2. **A MEAL A MINUTE** is freshly prepared in this compact, stainless-steel kitchen. Into it and its adjoining pantry are nested more than 4,000 pans, dishes, glasses, pieces of table silver and linen. And they are bought mainly from makers along New York Central, in towns like yours!

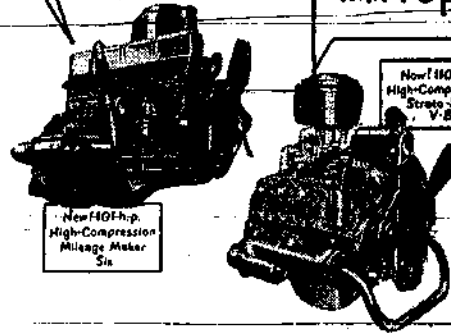

3. **STOCKING THE PANTRIES** of Central's dining car fleet is done at commissaries. In a year, we buy 620,000 pounds of prime beef, 870,000 quarts of grade A milk, 400,000 dozen nest-fresh eggs, 105,000 pounds of butter, 120,000 pounds of flour, plus fine fruit and vegetables.

4. **THAT ALL ADDS UP** to a yearly food bill of more than \$3,400,000 for New York Central. Most goes to farmers in Central's area. And that helps local merchants. So dining car service is another way your Railroad is part of every community on its lines. And that's the CENTRAL IDEA!
